FINAL Step: Attach anti tilt strap or bracket to wall

WARNING:

To prevent your furniture from tilt forward and possibly causing property damage or personal injury it is recommended that you Securely attach the anti-tilt traps or brackets provided to your wall using appropriate fixing.

IMPORTANT:

- DO NOT place toys or other child appealing items on top of this furniture
- AVOID fully opening all drawers at the same time
- DO NOT ALLOW Small children to climb onto Drawers, shelves or to swing from open doors.

CAUTION:

For your safety when attaching the anti-tilt fixings;

- Check for any electrical wires or plumbing inside the wall before drilling any holes (if you are ensure please seek professional advice from qualified tradesman.)

- Wall are constructed from different marterials eg: Masonry (solid brick) or plaster board lined cavity walls (hollow).

It is important that you use the appropriate wall fixing for your wall type.

(Your local hardware will have the necessary drills and fixings and can offer advice if needed.)
