Care Information

DO

Use tablecloths, table runners and coasters to help protect surfaces from scratching.
Dust once a week using a soft cloth or similar duster.
Only use freedom recommended care products as many supermarket polishes and waxes contain high levels of silicon and petroleum distillate which can damage the surface.
Polish your furniture every 3 to 6 months, making sure the surface is free from dust before you start.
Periodically check and retighten furniture. Always lift your furniture, never drag it
DON'T

Avoid placing hot or wet items directly on the surface as they can leave marks which are difficult to remove.
Avoid direct sunlight, as this will cause colour change. If the furniture is in direct sunlight, move items like vases around to avoid spotting.
Avoid applying too much polish as this will build up and need to be removed with a wood - cleaning product.
