### Care Information:

#### DO

Dust once a week using a soft cloth or similar duster.

Only use freedom recommended care products as many supermarket polishes and waxes contain high levels of silicon and petroleum distillate which can damage the surface.

#### DON'T

Avoid placing hot or wet items directly on the surface as they can leave marks which are difficult to remove.

Avoid direct sunlight, as this will cause colour change. If the furniture is in direct sunlight, move items like vases around to avoid spotting.

Avoid applying too much polish as this will build up and need to be removed with a wood-cleaning product.
